

Another Blond Joke.....

Two sisters, one blond and one brunette, inherit the family ranch. Unfortunately, after just a few years, they are in financial trouble.

In order to keep the bank from repossessing the ranch, they need to purchase a bull so that they can breed their own stock. The brunette tells her sister, 'When I get there, if I decide to buy the bull, I'll contact you to drive out after me and haul it home.'

She arrives at the ranch, inspects the bull, and decides she wants to buy it. The man tells her that he will sell it for \$599, no less. She pays him and drives into town to send her sister a telegram to tell her the news.

She goes to the telegraph office, and says, 'I want to send a telegram to my sister telling her that I've bought a bull and I need her to hitch up the trailer and drive out here so we can haul it home.'

The telegraph operator explains that he'll be glad to help her, then adds, it will cost 99 cents a word. Well, after paying for the bull, the brunette realizes that she'll only be able to send her sister one word.

After a few minutes of thinking, she nods and says, 'I want you to send her the word 'comfortable.'

The operator shakes his head. 'How will she know that you want her to hitch up the trailer and drive out here to haul that bull back to your ranch, if you send her just the word 'comfortable?'

'My sister's blonde. The word is big. She'll read it very slowly...
'com-for-da-bul.'

Double Duty - Staple Remover From *Good Housekeeping*

No more broken nails: to add to your key ring, wedge a staple remover's teeth between the coils, then clamp down to separate them – a new key will slide on easily.

Make this office tool work overtime:

Use it to catch and lift the tab on a soda can, untangle a knotted drawstring or shoelace, crack a pistachio, or pull a nailhead out of the wall.
