

Meet Your New

Neighbors

#32 – Eileen & Mike Moylan

“Mike and I moved to Foxwood Village on January 5, 2013, after living in Hicksville in Nassau County for 29 years. We have come to believe that our Foxwood house, Unit #32, was “meant to be”. We first saw our house over three years ago at an “open house”, but we were not ready to move at that time. Last May, when we put our house up for sale and decided it was time for our big move, we were thrilled to see that Unit 32 was on the market...and the rest is history! We would like to think that our home waited until we were ready to move!

Mike and I grew up in Queens, New York. Mike in Queens Village, and I in Elmhurst. We have two children. Our son Michael, who just became engaged to our future daughter-in-law, Fran, and our daughter, Kelly, who is single. No grandchildren yet, although we do have a grand dog, Mona, an English Bulldog.

I’m still working, but after moving to Foxwood Village, I went from working full time to working 3 days a week as a Paralegal in Jericho, NY. Mike still works full time for a closet company, but he’s looking forward to the summer months and hoping to cut back his work week.

Our favorite thing to do is travel, and we look forward to planning how we will spend our vacations and all our time when we finally get to retire!

Mike and I are both looking forward to our first spring and summer at Foxwood Village and look forward to making new friends and enjoying many sunny days at the pool.

“It is hard to believe that it was a mere 3 months ago when on a spur of the moment trip to Briermere Farms that we literally stumbled across this wonderful hidden gem in Suffolk County. But here we are and thanks to the kind and wonderful people we have met; feel like we have lived here forever.”

8 – Jean & Dan Woznick

“After several years of retirement, and multiple moves throughout our country, we said the time has come to go back to Long Island.

I was born in Brooklyn and spent 14 years there before moving to Hampton Bays. Jean was born and raised in Riverhead. We both graduated from college, Jean as a school nurse teacher and myself an elementary teacher.

We met each other one summer in East Quogue and married one and a half years later. During our work years we resided in Hampton Bays and raised two children. Jean retired from Riverhead School District and I from Eastport School District.

Our son and his family live in New Hampshire and our daughter and her family live in California.

When we decided to come back to Long Island, our family recommended Foxwood Village. We knew on our first visit here it would work for us. The community gives an exceptionally warm welcome and offers many activities. Also the location’s near our extended family and life long friends.

We are very happy to be part of Foxwood Village. We are already meeting new friends.”
