Beginning Monday, March 8, 2021, the Guard will be on duty from 10pm to 6am. Also, the gate will remain open until 6:30pm each evening and open at 8am every morning.

I also asked that when the Guard makes his rounds that they have a light on the vehicle. I think it might be a blinking yellow light.

If anyone has a question, please give me a call at #631284-9065.

Thanks, Kevin

Hello Fellow Residents

I hope everyone is well and getting their shots. Let's plan (being optimistic) that things will get better and many restrictions will be eased.

We had an HOA Meeting in February (the first meeting in a year) which went very well. Peter, Joe and Michelle from the office attended and answered several questions. Overall it was really good that they were there so that many of the residents were able to meet them. Peter told us that the pool is still being planned to open Memorial Day. At the current time they are in the process of getting an outside contractor to come in and refinish the entire pool.

The Recreation Committee announced that they are planning (subject to change) a Halloween party, Veterans Day breakfast, a Christmas Social on December 6th and a Holiday Party at Giorgio's on December 16th. Let's hope that we will be able to hold these events.

Over the past month the restrictions on the Clubhouse have been relaxed. The revised "Clubhouse Commandments" have been posted at every mail box and are located in the Clubhouse and on the website.

The guard's hours have been changed to 10pm to 6am based on the request of the residents. In addition, the gate isn't being closed until 6:30pm.

As I said at the meeting we are not sure when the next HOA Meeting will take place (under the conditions we have to adhere to and with no coffee/cake). If there is nothing new to report the Board believes that we can hold off having a meeting

We are still using the Email system to notify residents of the latest happenings. If you are not receiving emails please call me so you can get put on the list. If you don't have an email address, you can give me one of your children's email addresses and they will get the notifications for you.

You may have seen that the website and facebook is now being moderated by Bill Austin. Paul Spina stepped down after several years of being the go to guy. Thanks you Paul for all the time you put into monitoring the website and facebook. Good luck to Bill!

Our new editor of Foxtales Susan Cordaro is doing a great job.

Remember to contact our Foxtales advertisers for estimates. Their advertising payments allow us to provide subsidies for the various functions throughout the year.

If there are any issues, problems, or questions don't hesitate to contact me or any other member of the Board.

Thanks for your support and stay well

Sincerely

Kevin Finnegan, HOA President

SPECIAL NOTICE

The HOA Board has agreed that all HOA dues paid in 2020 will be rolled over to 2021. Any questions please call Laura Bott or myself.

BOOK CLUB

The Foxwood Village Book Club has resumed regular meetings at last. We will continue to meet on a regular basis on the third Wednesday of the month at 3:00 PM In the clubhouse. When clubhouse hours allow, we will return to our regular 2:00 PM meeting time.

At our meeting on March 17th, we extended our sincere thanks to Diane Capobianco, who, after many years of dedicated service, has “retired” from her position as group leader. We again express our gratitude for everything she has done to keep our group together.

The book that was discussed was “Camino Island” by John Grisham. All agreed that this crime fiction mystery served as an engrossing distraction and that it was an entertaining and easy read.

Our next selection will be “Anxious People” by Fredrik Backman. We will meet on April 21st at 3:00 PM in the clubhouse. Everyone is invited to join us.

For further information please contact Merry Ritter at: rittz123@optonline.net or 631-591-0678.

How to improve your internet speed for downloading to your wireless devices.

(Most homes have 3 or more wireless devices. Computer or laptop. Kindle or iPad. Cell Phone and **YOUR TV**)

Many of us are paying Optimum for high-speed internet. Optimum promises many of us 200MB speed. If you were to run a speed test; you would be amazed to find in many instances you are barely getting 35MB. That's far short of what you should get and what you might need to stream from all the services.

Many of you think this is unimportant. Why would I need faster speed? Well, I know many here use services like Netflix. Many have a fire stick for their TV. Streaming services like Hulu, Peacock, Amazon Prime, HBO Max and many others rely on the transfer of data from your Modem to your router. You might find that you cannot always download a movie or show as fast or get as many providers that you need.

Of course, our first to blame is optimum. The router isn't high speed or modem is bad. True there is always something to be said about a high-speed router. That's the ones you see with all the antennas. However, for most residents her, optimum's router is very good. So why don't I get the fastest speed. The simple answer is that silly yellow cable that came in the box from Optimum with the router.

The yellow cable that comes in the box is the standard cable. Like everything else we get new and better technology. Right now the best yellow cable out there is a Category 8. It si relatively cheap in a 3' length more than sufficient to go from your modem to the router unless you have some out rageous set up. It costs about \$8 on Amazon

https://www.amazon.com/gp/product/B082PHKT5H/ref=ppx_yo_dt_b_asin_title_o04_s00?ie=UTF8&psc=1 and I'm sure is available locally at Best Buy or PC Richards.

Before you invest, I recommend doing a speed test. You can run speed test by Okala <https://www.speedtest.net/> and you can see if you are getting a worthwhile speed. If you change you should see a much-improved speed.

One final note. We all love wireless, me included but you must know that the maximum speed is hard to achieve unless your device is plugged into the router. That is why a simple upgrade of the cable can make the difference.
