

Calverton Members & Neighbors,

Remain steadfast in our resolve to see this moratorium through.

We have experienced, since mid August, what it means to become educated on the mere *existence* of multiple industrial projects hovering to land in our hamlet of Calverton.

We now know the lack of understanding that has been existing in our governing bodies for the amount of time these applications have been submitted. That has consequences.

Last Thursday's Town Board Work Session's discussion of MORATORIUM is here:

<https://townofriverheadny.viebit.com/player.php?hash=XIPB229F6fs8>

A factual summation on the topic is offered here:

<https://riverheadlocal.com/2022/11/21/town-board-remains-divided-as-it-considers-two-routes-to-industrial-moratorium-in-calverton/>

“ Howard also advised the board previously that it would be on solid legal ground to impose a moratorium that halts progress on all industrial projects in Calverton, even those already under review, since none of the projects would be vested under New York law.”

And

“I gave you my advice based on the case law and supplementary material,” Howard said.

It appears the board will drag out this Moratorium resolution process even longer by devising TWO RENDITIONS: one blanket & one with exceptions.

So, FOCUS for us:

TWO Town Board meetings left in 2022

December 6	Tuesday	2:00 p.m.
December 20	Tuesday	2:00 p.m.

1) “Bodies in seats”

2) Speak at the podium if you feel moved to do so

3) Write a short (3-5 sentences) email to Town

Board to go on mtg agenda as Correspondence

(send to townclerk@townofriverheadny.gov for distribution to each TB member & town attorney)

2pm on a workday is tough. It's important. Mark your calendars !

WE ARE MAKING A DIFFERENCE.

“It ain't over till it's over.”

—Yogi Berra

Sincerely,
Toqui:)

“Get to know your neighbor, get to know your town”
